

Dear Hopkinton Residents:

In order to continue the best service options for the Town of Hopkinton please remember to:

- * Make sure trash and recycling are out by 6:45 am
- * Please recycle
- * Place only acceptable materials in recycle bins
- * All questions call: 508-983-1023

We are working with our management team and our drivers to address several concerns that have been raised by residents. Please be sure to call the number listed above if other issues arise.

The recycle calendars that were delivered just before New Year's Day were incorrectly colored by our printer, so please recycle those calendars. The corrected calendars should be in the mail the week of January 11th.

Thank you
E.L. Harvey & Sons
